CAFE
2015

Espresso Supply has been a dedicated resource to the Specialty Coffee Industry for over 21 years. Serving the operational needs of cafe owners around the world, our primary goal is to provide you with durable, commercial grade espresso smallwares, as well as a wide variety of operational tools to help your business run smoothly.

You will notice throughout the catalog, the **rw** symbol after many products. This identifies Rattleware® products, our line of espresso related tools and accessories designed for durability, value and performance.

We are also the home of Bonavita®, our line of automatic and manual brewing products that are both ideal for your cafe's pour over bar as well as providing your customer with products that they can brew with at home for a great coffee experience. See pages 16-18 for the Bonavita product offering.

Please contact our Customer Service Representatives at **800.782.6671** or email us at **info@espressosupply.com** with any questions. You can always view our most current product selection at **espressosupply.com.**

BREW PITCHERS

8 oz Brew Pitcher 07308 4.50

5 oz Brew Pitcher 07305 3.50

3 oz Brew Pitcher 07303 2.50

[A] Latte Art Pitcher

[B] Milk to Perfection Pitcher

[C] Thermometer Clip Pitcher

[D] Graduated Latte Art Pitcher

[E] Spouted Bell Pitcher

[F] Graduated Pitcher

Rattleware Latte Art pitchers have become an industry standard, known for their durability and heavy weight stainless steel construction.

Shown:
32, 20 & 12 oz
Latte Art
Pitchers

[G] Handle Free Spouted Bell Pitcher

[H] Handle Free Latte Art Pitcher

PITCHERS rw

[A] **Latte Art Pitcher rw**
Tapered spout designed for latte art.
A popular, basic steaming pitcher.
12 oz Macchiato Pitcher 07000 11.75
20 oz Pitcher 07010 16.25
32 oz Pitcher 07011 20.50
48 oz Pitcher 07079 24.25

[B] **Milk to Perfection Pitcher**
This innovative pitcher naturally aids in the creation of perfectly textured milk for pouring latte art. The stainless steel tube forces the milk into a circular motion, allowing even an inexperienced barista to steam and pour milk with confidence.
20 oz Pitcher 27901 34.95
32 oz Pitcher 27902 39.95

[C] **Thermometer Clip Pitcher rw**
Welded clip keeps thermometer in place.
(Thermometer not included)
20 oz Pitcher 27202 21.50
32 oz Pitcher 27203 27.75

[D] **Graduated Latte Art Pitcher rw**
Tapered spout designed for latte art.
Graduated marks for measuring.
32 oz Pitcher 27250 22.75
Graduated marks at 12, 18 and 24 oz
48 oz Pitcher 27259 31.25
Graduated marks at 12, 18, 24 and 32 oz

[E] **Spouted Bell Pitcher rw**
Classic bell pitcher shape with
latte art spout.
16 oz Pitcher 27501 19.95
25 oz Pitcher 27502 27.95
48 oz Pitcher 27504 34.95

[F] **Graduated Pitcher rw**
A straight sided pitcher with a pouring spout. Graduated marks inside.
32 oz Pitcher 07202 21.95
48 oz Pitcher 07203 25.95
64 oz Pitcher 07205 29.95

[G] **Handle Free Spouted Bell Pitcher rw**
Handle-free style allows more flexibility when steaming milk and pouring. Insulated wrap protects hands from the heat.
16 oz Pitcher 27550 24.95
25 oz Pitcher 27554 28.95

[H] **Handle Free Latte Art Pitcher rw**
Handle-free style allows more flexibility when steaming milk and pouring latte art. Insulated wrap protects hands from the heat.
12 oz Pitcher 27212 19.95
20 oz Pitcher 27220 22.95

BV1900TS 8-cup Coffee Brewer with Stainless Steel Carafe SCAA Certified Home Brewer Designation. **53095** 189.99

The Next Generation of Coffee Brewers from Bonavita

Building upon the success of the original Bonavita brewers, we are very excited to be offering our New 8 and 5-cup brewers. Simplicity – one button operation – coupled with precision – proper brew time and brew temperature – continue to be cornerstones of our brewers. Both brewers feature a new "pre-infusion" mode that, when enabled, allows freshly roasted and ground coffee to degass before the full brew cycle. The 8-cup features a larger showerhead and a flat-bottom filter basket for excellent saturation and extraction, while the 5-cup uses a #4 V-shape filter which is the optimal size and shape for the smaller batch size. Both brewers come with a generous 2-year warranty.

BV1500TS 5-cup Coffee Brewer with Stainless Steel Carafe Optimized for smaller batches. **53096** 139.99

BV1800 8-cup Glass Carafe Coffee Brewer Separate low wattage warmer keeps coffee warm, never burned.
53010 159.99

The Original Bonavita Coffee Brewers

The original brewers from Bonavita both earned the SCAA Home Brewer Certification designation with their launch in 2011. Both brewers utilize a V-shape #4 filter and come with a generous 2-year warranty. All Bonavita brewers employ powerful heaters which raise and keep the brewing temperature between 195-205° F, the temperature determined by the SCAA to be optimal for proper extraction.

More information on these brewers is available at espressosupply.com and bonavitaworld.com

BV1800SS 8-cup Stainless Steel Lined Carafe Coffee Brewer
Durable Stainless Steel lined carafe keeps coffee hot so you can leisurely enjoy your brew. **53090** 179.99

HARIO

Hario Drippers
The defined ridges are spiraled to the top of the cone allowing the air to escape and the grounds to fully expand for even brewing. The steep cone adds depth to grounds layer, extracting optimum flavor. The large hole at the bottom makes smooth extraction possible, changing taste with different speeds of water pouring.

Hario V60 White Ceramic Coffee Dripper **29101** 25.05

Hario V60 Clear Plastic Coffee Dripper
29103 7.55

Hario V60 Glass Coffee Dripper
Black Handle.
29115 25.05

Hario Buono Kettle
To use a pour-over brewer most effectively, you have to dispense water right where you want it. The spout of the Hario Kettle allows you to effectively control your pour. This kettle can be used on the stove top. Has a stainless steel finish and a great shape.
1.2 ltr/40 oz
10501 66.80

Hario Filters
While standard cone filters have a flat bottom, the bottom of the Hario filter comes to a point, which fits with the overall design of the dripper and extracts beautifully. Filter allows for more of the natural oils to pass through without allowing the sediments through, producing a clean, full bodied cup.

Hario Paper Filters, natural pkg 100
29200 6.70

Hario Paper Filters, white pkg 100
29202 6.25

Hario V60 Range Server
600ml Clear heat-proof Hario glass server designed to accompany the Hario V60 Coffee Drippers.
29117 30.06

Rhinowares Grinder
This is a perfect grinder for travel, home & work. The conical ceramic burrs stay sharper longer, don't rust, and are easy to clean. It's easy to adjust for a wide range of grind types and the stainless steel housing is easy to clean. Grinds approximately 42 grams of coffee beans at a time.
(Instructions for cleaning can be found at espressosupply.com)
92129 59.99

Hario Skerton Ceramic Coffee Mill
Durable and compact, this coffee mill provides perfect grinding control for your chosen brewing method. Burrs easily adjust to produce a range of grinds sizes, from superfine espresso to coarse for French press brewing. Mill bottom twists off for easy access to ground coffee. **29116** 50.10

*not shown

For nearly 50 years, Toddy has delighted baristas, food critics, and regular folks alike for its smooth, delicious flavor. By extracting the bitter acids and oils that other brewing methods leave behind, the Toddy Cold Brew System produces a smooth, low acid concentrate ideal for hot or iced coffee or tea.

[B]

[C]

[B] **Toddy Commercial Cold Brewing System**
The Toddy Commercial system uses its patented cold-water extraction process to produce cold-brewed liquid coffee and tea extract that offers a full-bodied, aromatic flavor profile that translates into a bold, super-smooth taste. Brew 5 lbs of your favorite coffee and you should yield approximately 2 ½ gallons of extract. The Toddy Commercial Model is BPA free and comes with one strainer and 10 filters.

BODUM PRESSES

CHAMBORD is a true original – the classic French press coffee maker designed in the fifties. The frame and lid, made of steel, undergo several chrome plating processes to obtain a durable shiny surface that will last for many years of intense use.

The French press system has always been the simplest and ultimate way of brewing an excellent cup of coffee. Using fresh coarse ground beans with water between 198 and 205 degrees farenheit brings out the very best in all types of coffee.
